Each afternoon the campers use their new skills in instructional scrimmage games. Our summer programs not only teach the physical aspects of the game, but also encourage sportsmanship and teamwork. Our proven drills from our professional staff help correct mechanical flaws and prevent them from coming back. Our stress-free learning environment provides you with the confidence necessary to succeed and make the great game of baseball FUN for every level.

The ZONED Sports Academy's Summer Baseball & Softball Programs are focused on players 7-12 years old. Players are grouped according to age and skill level. They receive individual and group instruction on hitting, fielding, base running, game strategies, throwing and catching.

This all around skills camp teaches every aspect of the game; helping each ball player become confident in themselves while strengthening their overall skills.

All phases of the game will be covered during the morning instructional stations including:

- Hitting Fundamentals
- Throwing Mechanics
- Outfield Play
- Catcher Skills
- Infield Play
